Q-railing

EASY GLASS® SLIM

A traditional wedge gasket system featuring a base shoe 1.77" wide, ideal for stairs with narrow stringers & curved applications.

EASY GLASS® SMART & PRIME

Mainstream solutions for residential & commercial applications boosting our Q-DISC inlay technology with 2 way adjustment capabilities and click-in fastening.

EASY GLASS® STRONG

Engineered for heavy duty railing & wind screen applications. Featuring Q-Disc click-in fastening with 2-way adjustment capabilities accommodating triple laminated glass panels up to 1-5/16" thick.

BASE SHOE SYSTEMS

Quintessential Glass Railing

- Aluminum base shoes
- Mill or brushed finish
- Glass infill panels
- Top, in-floor and fascia mounts including F & Y profiles
- Pre-welded corners
- Optional cladding
- System drainage
- Simple installation from the interior side

CAP RAILS & EDGE PROFILES

Protect the top edges of your glass with Cap Rails in angular or round shapes with matching connectors, end fittings & wall flanges. Ultra-slim edge protection or U-profiles are an alternative to the cap rails to maximize the transparency of your base shoe glass railing.

POST & RAIL SYSTEMS

Crisp Lines & Geometric Forms

- Architectural infill options
- Stainless steel components
- Satin or mirrored finish
- Top & fascia mounts
- Optional doors & gates

Glass Infill

Bar & Tube Infill

Cable Infill

LED LINEAR LIGHTS

Utilize Linear Lights to provide a pathway of illumination and make your cap rail or handrail glow to add a dramatic effect to any space.

SQUARE LINE 40X40

Ideal for lightweight applications with unique optional rectangular infill tubes.

SQUARE LINE 60X30

Rectangular system designed for commercial applications that can accommodate monolithic or laminated glass up to 3/4" thick.

Q-LINE

Round post solution with 1.5" & 1.9" dia. options. 1.9" dia system has a Miami Dade NOA to accommodate heavy-duty applications.

GLASS RAIL SYSTEM

EASY ALU

Top or fascia mounted aluminum system with glass mounting rails for optional pre-fabrication, unitized units & simple installation. Features components in anodized, mill or powder-coat finish.

BLACK LINE IN STOCK RAL 9005 BLACK
READY TO SHIP COMPONENTS

BASE CLAMPS

Most transparent glass railings available designed for lightweight applications with flexible array layouts and multiple aesthetic options including satin or mirrored finishes. MOD 6000 base clamps also do not require holes in the glass in order to securely clamp the panels in place.

GLASS ADAPTERS & STANDOFFS

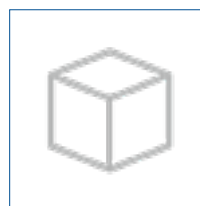

Floating glass railings that blend sophistication and functionality. With wall or post mounting capabilities you can extend the glass beyond the visible floor edge. MOD 0749 adapters incorporate a two-way mounting system, for alignment during & after glass placement.

OUR PROMISE

The "PREMIUM" at Q-railing, stands for superior quality products at a competitive market price with customer service you can count on.

PROJECT SPECIFIC SERVICES

Tailored to Meet Your Needs

2D & 3D BENDING

No need for expensive machines. Based on your sizes and desired radii, we can provide perfectly curved 2D or 3D tubes and profiles.

PRE-FABRICATION

Save time & money in the workshop and during installation on site. We can assist you with cutting, milling and drilling in addition to assembling finished elements per your specifications, ready for installation.

POWDER COATING

Create unique looks with a splash of color. Indicate a RAL color of your choice and we will coat base shoes, cap rails, end caps, untreated zinc products and even stainless steel to meet your project goals.
